With reference to your letter of 19 October 1948, the Central Intelligence Agency has been following the work of the Strategic Intelligence School with interest, and we would be delighted to have the opportunity to assist in the discussion of the situation in such a critical area as the USSR. I have designated Mr. Lutwell Montague of the Office of Reports and Estimates to represent the Central Intelligence Agency in addressing the Strategic Intelligence School on the subject of a "Strategic Estimate of the USSR and Satellites."

It is suggested that representatives of the school might discuss pertinent details directly with Mr. Montague, who can be reached on [redacted]

Sincerely,
